NOTICE OF MARKET-DOMINANT  
PRICE ADJUSTMENT

Docket No. R2015-4

NOTICE OF REVISIONS TO  
UNITED STATES POSTAL SERVICE  
NOTICE OF MARKET-DOMINANT PRICE ADJUSTMENT,  
ATTACHMENT A -- ERRATA  
(February 4, 2015)

On January 15, 2015, the Postal Service filed its notice of market dominant price adjustments in this docket. The Postal Service has identified several discrepancies between its price cap calculation workpapers and the filed Mail Classification Schedule (MCS), as well as other errors in preparing the MCS document. The Postal Service therefore is filing the following revisions to the MCS, originally filed as Attachment A to the Notice filed on January 15.

Standard Mail Price and Classification Adjustments

The Standard Mail price errata conform some prices to the prices that were used in the Standard Mail Workpapers (USPS-LR-R2015-4/2). EDDM prices are added to Saturation Flats greater than 3.3 ounces (pages 28-29). 5-Digit pallet prices are added for Carrier Route Flats (page 36). The price cell for Automation Flats Mixed ADC DSCF is marked "n/a" (page 48). The price for Nonprofit Automation Flats Mixed ADC/DNDC

is corrected (page 50). The classification changes for Nonautomation Letters weighing above 3.3 ounces are corrected to reflect that these pieces can weigh up to 16 ounces. The breakpoint is restored to 3.3 ounces, and Flats prices are applied to heavier pieces (pages 22, 23, and 36). For Letters, similar changes are applied to Machinable and Nonmachinable letters (page 42). A “3-Digit” is corrected to “5-Digit” on page 30.

#### Periodicals Price Changes

Three prices are corrected for Periodicals Outside County Nonmachinable Flats and Parcels (page 66). This correction affects the Periodicals workpapers, including the most recent version filed on January 30, 2014, in response to ChIR No. 1, Question 3. A revision will be filed later this week.

#### Package Services Price Changes

Per pound prices for Bound Printed Matter Flats Presorted Non-FSS Other than Destination Entry are corrected.

#### Special Services Price Change

The base price for Registered Mail with a declared value of greater than \$15,000,000 is corrected.

#### Changes to Exigent MCS (Attachment A, Part II)

Conforming changes are made to the Exigent price version of the MCS (Attachment A, Part II). Additional corrections also are made for Standard Mail Carrier

Route Flats 5-Digit, Other, and DDU 5-Digit Pallet prices (page 37), Flats FSS Non-Scheme Pallet/Container (page 47), Flats FSS Scheme Pallet/Container (page 49), and NCOA Link (page 127).

Copies of the revised pages for Attachment A, Parts I (CPI) and II (Exigent), to the Notice are attached to this pleading. Changes are highlighted in yellow.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
